

## LMP-C133

Replacement lamp for the projector model  
VPL-CS10, 120 Watt UHP

The LMP-C133 is a 120 Watt UHP (Ultra High Performance) lamp for the projector model VPL-CS10.

During its entire lifetime you can rely on a

constant light output generated by this lamp.

When making important presentations, it is better to ensure you always have a projector lamp in spare, especially towards the end of the lamp's lifetime.
